DETAILED ACTION

1. This Office Action is in response to RCE, Amendments and Remarks, received 5 June 2006. Per Applicant's request, claims 1, 11, 19, 26, 29, and 30 have been amended. Claims 1-8, 11-19, and 21-30 are pending.

Allowable Subject Matter

2. Claims 1-8, 11-19, and 21-30 (to be renumbered in order) are allowed.
3. The following is an examiner's statement of reasons for allowance:

Regarding independent claim 1 (and similarly recited in claim 26), as Applicant has noted on page 7, first paragraph, of Remarks, received 5 June 2006, Kaufman or Ledzius, alone or in combination, fail to teach or suggest the method of "managing downloading of at least two firmware functions, which when downloaded are accessible by more than one driver, at least one driver using the firmware functions to implement functionality for the driver, with one processor...to verify for said at least one of said drivers if said firmware has been downloaded by another driver."

Regarding independent claim 19 (an similarly recited in claim 29), as noted on page 9, 6th paragraph, Kaufman, Ledzius, and Lisle, alone or in combination, failed to teach or suggest "firmware functions which when downloaded are accessible by more than one driver, wherein at least one driver uses the firmware functions to implement functionality for the driver; and a processor adapted to ...reduce a risk of at least one of said drivers overwriting firmware that has been downloaded and is being used by another of said drivers."

Moreover evidence for modifying the prior art teachings by one of ordinary skill level in the art was not uncovered so as to result in the invention as recited.

Thus all remaining dependent claims, claims 2-8, 11-18, 21-25, 27, 28, and 30, are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
